## Ogden Pest Control and Extermination Services:

**Ant Pest Control.** There are a variety of ants that can infest your Ogden home or business. In some instances, they can even damage the wood frame. You'll find them in areas where they're undisturbed or where they have ready access to food. Our technician can find the problem area and spray for all types of ants, often around the doors windows and baseboards inside and outside.

**Cockroach Pest Control.** Cockroaches are bugs that most people are extremely fearful of because they're notoriously hard to get rid of once they've invaded. Usually, residents see the bugs when they turn on a light or move something suddenly because these bugs like to hide from view. Over the counter treatments will not eliminate these pests but our technicians can get rid of the problem once and for all.

**Earwig Pest Control.** Earwigs are mostly harmless but a nuisance. Our technicians can easily spray

areas where these bugs might enter the home and help you eliminate all environmental factors close to the house that may be attracting them. **The spray is safe for pets and children and easily administered.**

**Termite Pest Control.** Termites can be a huge problem because they will destroy the wooden structure of your home. If not caught quickly, repairs to a termite infestation can be extremely costly. Our technician can evaluate the home, show you any area that may be susceptible to termites and explain how to eliminate the danger, as well as removing any current infestation.

**Silverfish Pest Control.** Silverfish are generally found in wet, humid places. Our technician can spray for these vermin and eliminate the problem, often with a noticeable decrease in one visit. The spray is gentle enough to be safe for family and pets.

**Spider Pest Control.** Most spiders are harmless to people though there are a few dangerous breeds in the Utah area and an infestation can be scary for many people because they simply don't like the bugs. We can check the entire home and eliminate any spiders with a safe spray.

**Bed Bug Pest Control.** Bed bugs have become a huge problem across the country and these pests are a serious nuisance, feeding on the blood of family members and leaving itchy bites. Over the counter remedies for don't work well for bed bugs. Let us get rid of the problem quickly and safely.
